Aplicação de vedantes e acessórios Pormenores de montagem

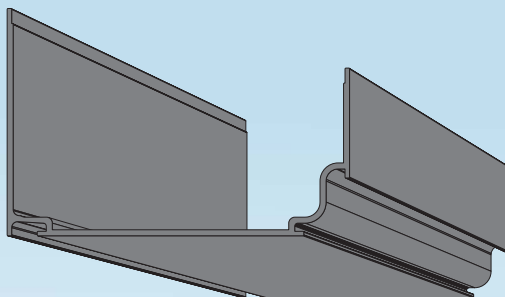

Pormenores de construção

Aplicação das uniões de caleiro

X.18.0032 - União recta para emendas do caleiro

X.18.0033 - União a 90º para cantos a 90º

X.18.0034 - União a 135º para cantos a 135º

Deve ser colocado um cordão de silicone em cada perfil a unir, na zona da união, de forma a evitar infiltrações de água.
